Transport Canada*

Release Date: July 28, 2022

Release Number: 22-763

Textron Specialized Vehicles Recalls All-Terrain Vehicles (ATVs) Due to Crash Hazard (Recall Alert)

Recall Summary

Name of Product: Arctic Cat Alterra 600 and Tracker 600 All-Terrain Vehicles (ATVs)

Hazard: A fuse in the ATV’s electrical system can fail during operation, which can result in sudden loss of engine power and headlights, posing a crash hazard.

Remedy: Repair

Consumers should immediately stop using the recalled ATVs and contact Textron Specialized Vehicles to arrange for a free repair. Textron will send consumers instructions along with a replacement 20 Amp fuse, and a new label for the fuse box. Consumers can also bring the vehicle to an authorized repair shop or dealer to have the repair performed free of charge. Textron is contacting all known purchasers.

Consumer Contact:

Textron Specialized Vehicles toll-free at 888-525-6040 from between 8 a.m. and 5 p.m. ET Monday through Friday, email at jcook03@textron.com or online at <https://arcticcat.txtsv.com/owners/recalls>, or <https://www.trackeroffroad.com/recalls.html> or at <https://arcticcat.txtsv.com> or <https://www.trackeroffroad.com> click on “Recalls” at the bottom of the page.

About the U.S. CPSC

The U.S. Consumer Product Safety Commission (CPSC) is charged with protecting the public from unreasonable risk of injury or death associated with the use of thousands of types of consumer products. Deaths, injuries, and property damage from consumer product-related incidents cost the nation more than \$1 trillion annually. CPSC's work to ensure the safety of consumer products has contributed to a decline in the rate of injuries associated with consumer products over the past 50 years.

Federal law prohibits any person from selling products subject to a Commission ordered recall or a voluntary recall undertaken in consultation with the CPSC.
